Notes:			
Grade 6: We understand that things run out & wear out, but you are expected to have your supplies with you in class each and every day. If you run out during the year, it is your responsibility to purchase what you need.			
Grade 7: Please consider buying extra supplies while they are on sale. Many students need new pencils, pens, etc., in January			
Grade 8: You need to have enough of each item to last the entire school year. We understand that things run out and wear out, but you are expected to have each of these things with you in class each and every day. You may want to buy extras of any supplies (especially pens, pencils, colored pencils, and folders) when they are less expensive.
